Subject: Town Council 9/13/21

Town Clerk West.

Please provide me an opportunity to present to Our Town Council my request for a resolution to provide Funding for improvements to our Stone Bridge Abutment.

I will also present the need for Portsmouth to acquire the land known as TEDDYS Beach.

It is time 02871 stepped up and made this eyesore disappear.

Just look at how well Tiverton did with their dilapidated section of the Stone Bridge and Grinnell's Beach.

I talk fast, I will require ten minutes.

There will be others wanting to weigh in on this Town Improvement.
