Subject: Shoreline access bill

My name is Michael Neves, 1 Seaconnet blvd.

I just was made aware of the bill proposing unlimited access to the shoreline.

My family has owned our property for nearly 100 years and always respected our neighbors rights. Additionally, the town always provided for water access thru the many access points now existing.

I can't imagine the thought process put behind this bill or the wisdom of those proposing it. Access without an easement is regulated and guarded by ownership.

I can't imagine this bill passing or the consequences if it did pass.

Please pass my feelings to anyone who has or will be involved in a vote and also feel free to contact me at any time.

I can be reached at 1 Florida until May 10th.

Thank you
