Restricted:	Amounts that can be spent only for the specific purposes stipulated by external resource providers (Example: Grants), constitutionally, or through enabling legislation. Effectively, restrictions may be changed or lifted only with consent of resource provider.
Committed:	Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government's highest level of decision-making authority removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.
Assigned:	Amounts constrained by the government's intent to be used for specific purposes that are neither restricted nor committed are reported as assigned fund balance.
Unassigned:	This is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.
